Hi Juan and Hector

This is [REDACTED], I live at [2611 Marathon St, Los Angeles, CA 90026](#).

Over the past few months and directly next door on Benton Way is an abandoned bldg scheduled to be demolished (soon I hope). Unfortunately a homeless camp has set up directly in front of the abandoned property and they are starting to get so comfortable they are leaving needles on the ground. I also came across human feces while walking my dog this morning. We have called the police several times and spoken with the owner of the property to try and get this matter resolved. The tent keeps growing and they are starting to attract other homeless people (who are not sane) and are looking in our windows, laying in our driveway, screaming and using our front yard as a toilet. We do pay over market prices to live in this area and I am starting to worry about my safety as we are 2 single women living in the house. I really hope we can get this tent removed ASAP. I am more than willing to help in any way I can, just let me know.

I attached some photos for your reference. My cell is [REDACTED] in case you need it.

Thank you for helping ! I look forward to hearing back.

All the best,

[REDACTED]*

Human Feces in our front yard.

View from my driveway looking right (sorry I dont know why they are all sideways :/)

needles on the sidewalk below ... and front of tent and trash camp :(

Hi [REDACTED],

Thanks again for sending this. I briefed Juan on our conversation earlier so we'll be asking our HOPE team to go out there to assist.

Please continue to communicate with us if there are any additional issues so that we can work on addressing them.

Best,

Hector Vega

Hi [REDACTED],

Yes that is correct, we'll work to have our HOPE team out there in the next couple of weeks.

Best,

Hector Vega
